Workforce Analysis

Business Process Outsourcing (BPO)

- Telemarketing
- Contract Recruitment

At 6hrs, we aim to provide our client with **PEACE OF MIND** services to manage all the obligations with Payroll process

Our payroll solutions are built on innovative suite of **Cloud-based Technology** that gives our client a comprehensive payroll operational framework.

## WHY OUTSOURCE YOUR PAYROLL?

### Bringing forth the values of HR in organization

We help you manage your payroll processing from the First Input to Statutory Submission and Monthly Disbursement of salary payment. Our tailor-made payroll solutions alleviate manual payroll administration in your HR department to enhance business productivity.

- Allows your HR personnel to focus on **Strategic Planning**
- Achieve cost effectiveness and tangible benefits
- Increase employees' satisfaction with more timely responses

## Minimize Hassle

Our professional payroll masters are specialized in payroll administration and processing. We ensure the quality and accuracy of the payroll.

Saving on the cost of having an in-house payroll services, thus lowering overheads, at the same time reducing the needs of rehiring and re-training

Adapting to future trend of **Workplace Digitalization** thus reducing the necessity of physical presence at the office.

## Confidentiality of your Employees' Personal Data

Employees' personal data are better upheld as our payroll masters are not associated with your organization. We incorporate reliable, trustworthy, and stringent policies and procedures to keep all companies' private information with utmost confidentiality.
